

## Education

- Sep 1, 2018 to present **University of Electronic Science and Technology of China (UESTC), Chengdu, CN,** *Software Engineering*, Master of Engineering.
- Sep 1, 2014 **University of Electronic Science and Technology of China (UESTC), Chengdu, CN,** *Software Engineering*, Bachelor of Engineering.

## Publications

- Jul, 2019 **Variational Information Diffusion for Probabilistic Cascades Prediction.**  
F. Zhou, X. Xu, K. Zhang, G. Trajcevski, and T. Zhong.  
○ Under review in IEEE International Conference on Computer Communications (INFOCOM) 2020.

## Projects

- May, 2019 to present **UESTC Course [GitHub] [25 Stars], Self-motivated.**  
Morton Wang and I maintain a repository on GitHub that contains review materials of courses of UESTC.  
○ Open and free platform for students of UESTC to easily access necessary review materials.  
○ Now more than 20 courses, 200 files included and is still growing.
- Sep, 2018– May, 2019 **Translation of "Neural Networks and Deep Learning" [CSDN] [GitHub], Self-motivated.**  
Simplified Chinese edition of the original online book from author Michael Nielsen

## Intern

- Feb, 2018– May, 2018 **Software Testing Intern, PICC P&C, Chengdu, CN.**  
*Information Technology Department, Chengdu R&D Sub-centre*, Software testing.
- Feb, 2017– Aug, 2017 **Web Developer Intern, Chengdu Gluxen Tech. Co. Ltd., Chengdu, CN.**  
Front-end design, development, and testing under Vue.js framework.

## Achievements

- Dec, 2018 **CET 6, College English Test Band 6**, 494/710.
- Apr, 2018 **NECCS C, National English Competition for College Students, C Class**, 94/150.
- Dec, 2014 **CET 4, College English Test Band 4**, 495/710.
